

Skeena Cellulose - Prince Rupert - Induction Fan System Installation Project

Sector: Pulp and Paper
Location: Prince Rupert, BC
Owner: Skeena Cellulose Inc.
Duration: 1.5 Months
Completion: September 1991

Project Highlights:
 Mid 1991 Skeena Cellulose awarded Brymark the contract to install a new Induction Fan System at their Prince Rupert facility. Brymark installed all non shutdown related components then tied the system in on a short maintenance outage. Brymark provided all craft labour as part of their service supported by local Prince Rupert service providers. This project was delivered on time on budget.
