

Norske Skog - Crofton - Bark Press Mechanical Installations Project

Sector: Pulp and Paper
Location: Crofton, BC
Owner: Norske Skog Canada
Completion: March 2002
Consultant: Jaakko Poyry (NLK)

Project Highlights:

Brymark was awarded the Mechanical Systems contract as part of Norske Skog's new Bark Press Facility in Crofton BC. With Brymark already engaged and performing ahead of schedule we were the logical choice to continue with the mechanical - piping portions of the project. The project was successfully delivered on time and on budget with zero safety incidents.
