

Quest Air - Vancouver- Gas Recirculation & Vega 5 Reformer Skid Fabrication

Sector: Piping, Skid & Module Fabrication
Location: Brymark's Fabrication Facility
Owner: Quest Air Inc
Duration: 1 month
Completion: November 2003
Consultant: Sacre - Davey Engineering

Project Highlights:
 Late fall 2003 Sacre - Davey Engineering reached out to Brymark for the pricing and fabrication of a Hydrogen research module/skid that they were designing for Quest Air. Brymark fabricated at our shop in Port Coquitlam then installed the research module in the Quest Air research facility at the University of British Columbia. After the research and experiments were completed, Brymark removed the module.
