

Quest Air Inc - Vancouver - Alder Recirculation Skid Fabrication Project

Sector: Piping, Skid & Module Fabrication
Location: Brymark's Fabrication Facility
Owner: Quest Air Inc.
Completion: March 2005
Consultant: Sacre - Davey Engineering

Project Highlights:

Brymark's fabrication expertise was put into service to supply and fabricate a Test Gas Recycle System that was comprised of 3 skid mounted pressure vessels with associated piping, regulators, valves, instrumentation and insulation.

Brymark also installed the comprised system at the customers test lab at the National Research Council facility at The University of British Columbia, Vancouver BC.
