

BC Hydro - Hudson Hope - Stoplog Crane Rebuild Project

Sector: Power Generation
Location: Hudson Hope BC (GMS)
Owner: BC Hydro
Duration: 5 months
Completion: Nov 2007 – Apr 2008
Consultant: T-Mar Industries Ltd

Project Highlights:

Brymark was awarded the project to dismantle the existing stoplog crane, reassemble and commission after a factory refurbishment / modernization for BC Hydro's GMS site. The dismantle took place in extreme winter conditions late in December 2007. Despite the winter challenges and difficult access the project was completed early and on budget. The project was completed with no environmental or safety related incidents.
