

## Western Canadian Coal - Wolverine Mine - Raw Coal Prep Plant Project

**Sector:** Mining - Coal  
**Location:** Tumbler Ridge, BC  
**Owner:** Western Canadian Coal Corp  
**Duration:** 11 months  
**Completion:** December 2007  
**Consultant:** Sedgman Limited

**Project Highlights:**  
 Brymark was awarded the contract at Western Coal's Wolverine Site for the installation of a new complete raw coal material handling system. The systems included the dump hopper, breaker barrel, rejects conveyor, silo conveyor to silo storage, feed conveyor to wash plant, wash plant building, radial stacker for the finished coal, train load out conveyor and load out silo.
