

## BC Hydro - Jordan River - Power Generating Station Control Room Project

**Sector:** Power Generation  
**Location:** Jordan River BC (JOR)  
**Owner:** BC Hydro  
**Duration:** 2.5 weeks  
**Completion:** Apr 2008

**Project Highlights:**  
 Spring 2008 D.Robinson Contracting Ltd awarded Brymark the supply and installation of the structural steel building and Q-Decking for their Jordan River Generating Station Control Room Project. Jordan River is a remote site located west of Sooke, BC on Vancouver Island. Brymark worked closely with D.Robinson to deliver their portion of the project on time. This successful project was completed with no environmental or safety related incidents.
