

**BRYMARK**

## Westshore Terminals - Roberts Bank - Twin Car Dumper Replacement Project

**Sector:** Ports & Terminals  
**Location:** Roberts Bank, Delta BC  
**Owner:** Westshore Terminals LP  
**Duration:** 3 months  
**Completion:** July 2008  
**Consultant:** Metso Minerals

### Project Highlights:

Brymark was selected by Metso Minerals to install the new railcar dumpers at Westshore Terminals. The new dumpers accommodated modern aluminum body railcars. Brymark removed the existing railcar dumper, completed the necessary modifications to the remaining equipment and installed a new equipment provided by Metso Minerals. Proactive constructability planning and a tight shutdown schedule resulted in an early delivery of the project.
