

BRYMARK

Peace River Coal - Trend Mine - Building Erection & Reinforcement Project

Sector: Mining - Coal
Location: Tumbler Ridge, BC
Owner: Peace River Coal
Duration: 5 Months
Completion: December 2010
Consultant: Taggart Global Canada

Project Highlights:

Summer 2010 Brymark was awarded the contract to modify Peace River Coal's existing prep plant building. The building height was increased and the structure was reinforced. This project was executed over a period of several months while plant operations continued. Brymark's team erected the steel and the building metal cladding well into the late fall working under adverse conditions at times in order to deliver the project schedule on time.
