

BC Hydro - Terzaghi - Spillway Gate Refurbishment Project

Sector: Power Generation
Location: Lillooet, BC. (TRZ)
Owner: BC Hydro
Duration: 31 Months (seasonal site work)
Completion: Jan 2009 — May 2011
Consultant: HMI Construction Ltd

Project Highlights:

Brymark was chosen to provide installation services to upgrade / refurbish, gates, guides and Install the new modern mechanical systems for BC Hydro's Terzaghi dam site. Winter weather and summer forest fires made for a challenging project at times in this remote location. Our crews completed this project with no safety or environmental related issues. Brymark successfully engaged many Aboriginal & Local Community service providers, including First Nations for the execution of this project.
