

Walter Energy - Willow Creek Mine - Coal Facility Upgrade Project

Sector: Mining - Coal
Location: Chetwynd, BC
Owner: Walter Energy Inc
Duration: 7 months
Completion: February, 2012
Consultant: Taggart Global LLC.

Project Highlights:

Brymark was awarded the installation contract at Western Coal's Willow Creek Mine Site for their capacity expansion to 600 MTPH. Specialized new equipment assembly, structural steel and process piping was installed in the wash plant, raw coal system material handling, crushing system, screening system and process piping. This was performed while coal processing continued.
