

Westshore Terminals - Roberts Bank - Dust Suppression System Project

Sector: Ports & Terminals
Location: Roberts Bank, Delta BC
Owner: Westshore Terminals LP
Duration: 3 months
Completion: July 2013
Consultant: Omni Engineering Inc

Project Highlights:
 Brymark was awarded the fabrication and installation contract of 5 distribution modules for a dust suppression system. The enclosed modules were fabricated from modified shipping containers in which all structural mechanical and electrical fabrication was completed in our Port Coquitlam shop. The completed modules were trucked to site and installed upon completion of footing's. The modules control water distribution for a site wide dust suppression system.
