

Catalyst Paper - Powell River - G13 Turbine Structural Steel Installation Project

Sector: Power Generation
Location: Powell River BC
Owner: Catalyst Paper
Duration: 5 months
Completion: May 2015
Consultant: Amec Foster Wheeler

Project Highlights:
 Late December 2014 Brymark was awarded the contract for the supply and installation of the new G13 Turbine Building Project at Catalyst Paper's Powell River Mill. This contract included supply and installation of structural steel locally fabricated, installation of an overhead crane by a Canadian manufacturer and a barrier coated building sheet metal building envelope system.
