

FortisBC - MT Hayes Facility -Transformer Basin Fire Barrier Project

Sector: Oil, Gas & Chemical Refining
Location: Mount Hayes BC
Owner: FortisBC
Duration: 1 Month
Completion: January 2015
Consultant: Allnorth Consulting

Project Highlights:
 Brymark constructed vertical concrete walls in a transformer yard to provide blast protection from the transformers. this project was executed with zero recordable or lost time injuries. A high level of diligence was required to safely perform the work in proximity to the operating transformers. A close working relationship with the client resulted in completing the task ahead of schedule and on budget.
